We take a lot of pride in taking as many photographs as possible of the individual lots. Hence, we let our pictures "do the talking". So, take your time looking over the pictures of the lots you are interested in. We highly advise that you inspect the items personally for accuracy, originality, and condition. If you cannot inspect the items personally, we recommend that you look at our digital catalog found on our website so you can see the detailed photos of the specific lots you are interested in. You can also call our office at 717-334-6941 and speak to one of our staff so that they can look over the items that you are interested in and discuss any questions or concerns that you may have so that you feel

confident in bidding on your chosen item(s). Note: We recommend you call the week of the auction, May 11th-15th, for condition reports.
